EDUCATION

- **Amity University** Noida
Bachelor of Computer Applications (GPA: 7.53/10) 2022 – 2025
- **St. Teresa School** Indirapuram
CBSE Class XII: 90.5% — CBSE Class X: 93.8% 2019, 2021

EXPERIENCE

- **Dhupar Chemicals Pvt. Ltd** Kanpur
Web Development and Generative AI Engineering Intern May 2024 – Jul 2024
 - **Generative AI Engineering:** Worked closely with engineering teams to experiment with LLMs, prompt engineering, and integrating AI automation into internal tools.
 - **AI Assisted Development:** Built small-scale GenAI powered utilities for text processing, summarization, and structured data extraction.
 - **Backend and Web Development:** Performed website enhancements, debugging, and feature implementation to improve performance and usability.
 - **Data Engineering and SQL Work:** Created optimized SQL queries and automated data extraction pipelines using MySQL.
 - **Cross-functional Collaboration:** Coordinated with product managers, designers, and developers during sprint planning and execution.

PROJECTS

- **AI News Headline Generator (GenAI):** Developed a Generative AI system using Python and LLM APIs to generate realistic news headlines. Added prompt engineering variations, temperature tuning, and sentiment-controlled headline generation.
- **AI Powered Netflix Content Insights:** Extended EDA project using Python (Pandas, Matplotlib, Seaborn) with an LLM-based insight generator that produces automated content summaries and genre recommendations.
- **3D FPS Game with AI Opponent Logic:** Built a 3D FPS game using PyGame with foundation-level AI agent behavior, including simple reinforcement-inspired patterns, collision detection, and multi-level progression.
- **Portfolio AI Chat Assistant:** Created a lightweight GenAI chatbot integrated into personal portfolio to answer user queries about skills, projects, and contact information.

TECHNICAL SKILLS

- **Programming:** Python, JavaScript, SQL, HTML/CSS
- **AI / Machine Learning:** TensorFlow, Keras, PyTorch (beginner), Scikit-Learn, LangChain, Vector Databases
- **Data Tools:** Pandas, NumPy, Matplotlib, Power BI, Excel
- **Developer Tools:** Git, GitHub, MySQL Workbench, Jupyter Notebook, Colab, VS Code
- **Web Technologies:** Flask, PyGame, REST APIs

CERTIFICATIONS

- **Machine Learning Specialization (Andrew Ng):** DeepLearning.AI and Stanford University
- **Generative AI for Everyone:** DeepLearning.AI
- **AI For Everyone:** DeepLearning.AI
- **Networking Essentials:** CISCO
- **Innovation by Design:** NPTEL
- **Practical Cyber Security:** NPTEL
